ESB Finance Designated Activity Company

Directors' report

The directors present their annual report and audited financial statements of the company for the year ended 31 December 2019.

Principal activities

ESB Finance Designated Activity Company (“ESB Finance DAC” or “the company”) is a wholly owned subsidiary of the Electricity Supply Board (“ESB” or “parent entity”). The principal activity of the company is the issue of loan notes and the provision of funding to undertakings in the ESB group.

Review of the business and future developments

The company was incorporated on 26 January 2010 and issues bonds under the ESB and the ESB Finance DAC €5bn EMTN Programme, which is fully, irrevocably and unconditionally guaranteed by ESB. At 31 December 2019, the company holds external debt as set out in Note 9 to the financial statements. ESB was rated A- by Standard & Poor's and A3 (equivalent to A-) by Moody's in November 2019. The outlook on both agencies at year end was ‘stable’.

The directors have no plans to significantly change the activities and operations of the company in the foreseeable future.

Going concern

The directors have adopted the going concern basis in preparing the financial statements. Further details are set out in note 1.2 to the financial statements.

Results and dividends

In the year to 31 December 2019, the company recorded income of €89.9 million (2018: €75.6 million) and a profit before tax of €0.6 million (2018: profit of €0.7 million). The directors are satisfied with the company's performance during the year. The directors do not recommend the payment of a dividend (2018: €nil).

Directors, secretary and their interests

The directors who served during the year were:

E. Byrne
D. Cowler
P. Fenlon
S. McCarthy
G. Tallon

In accordance with the Articles of Association, the directors are not required to retire by rotation. The directors and secretary had no disclosable interests in the shares of the company, or any other group company, as defined in section 329 of the Companies Act 2014, at 31 December 2019 or 31 December 2018.

ESB Finance Designated Activity Company

Directors' report *(continued)*

Political donations

The company made no political donations during the year (2018: €nil) and complied with the Electoral Act, 1997.

Research and Development

The company did not engage in any research and development activities in the current or preceding year.

Principal risks and uncertainties

Disclosures in relation to financial risks are given in note 10 of the financial statements. The company is ultimately dependent on its parent entity. Accordingly, the principal risks and uncertainties pertain to the parent entity's continued ability to generate sufficient cash and liquid resources to meet the company's liquidity requirements for the foreseeable future and consequently to fund its contractual commitments in respect of the borrowings as they fall due.

Events since the end of the financial year

On 21 January 2020, ESB Finance DAC successfully raised a GBP £325 million, with a fixed coupon of 1.875% maturing on 21 July 2035. On 5 March 2020, a £275 million bond was fully repaid.

In February 2020, ESB Group entered into a new €1.4 billion 5 year revolving credit facility maturing in February 2025, replacing the facility in place at 31 December 2019. Under the new facility, ESB Finance DAC is a co-guarantor. The facility is provided by a syndicate of 14 banks. In March 2020, €100 million was drawdown by ESB under the new facility.

The Covid-19 pandemic has created turbulence in financial markets and economic uncertainty, which will impact individuals and businesses. However, given the nature of the Company's business, the directors do not believe that Covid-19 will have a material impact on the company.

Accounting records

The measures taken by the directors to ensure compliance with the requirements of Section 281 to 285 of the Companies Act 2014 with regard to keeping adequate accounting records, are the employment of appropriately qualified accounting personnel and the maintenance of computerised accounting systems. The company's accounting records are maintained at the company's registered office at Two Gateway, East Wall Road, Dublin 3.

Statement on relevant audit information

Each of the persons who are directors at the time when this Directors' Report is approved has confirmed that:

- so far as the director is aware, there is no relevant audit information of which the company's auditor is unaware; and
- the director has taken all the steps that ought to have been taken as a director in order to be aware of any relevant audit information and to establish that the company's auditor is aware of that information (within the meaning of section 330).

ESB Finance Designated Activity Company

Directors' report *(continued)*

Internal control and risk management systems relating to the financial reporting process

The board of directors are responsible for ensuring that appropriate internal control and risk management procedures relating to the financial reporting process are in place. Those systems are designed to manage, rather than eliminate, risks and can provide only reasonable, not absolute, assurance against material misstatement or loss. The company has procedures to ensure all relevant accounting records are properly maintained and are readily available, including production of annual financial statements. The annual financial statements of the company are required to be approved by the board of directors of the company and filed with the Irish Stock Exchange.

The company's parent entity, ESB, provides secretarial and accountancy services to the company. ESB complies with the Code of Practice for the Governance of State Bodies and conforms, in so far as is reasonably applicable and on a voluntary basis, to the UK Corporate Governance Code. ESB has developed and maintains policies and systems to identify, monitor and control risk arising in respect of its activities. The Board of Directors of the company also considers and evaluates the report by the independent auditors concerning their audit of the financial statements and their comments on accounting and financial controls and other matters relevant to the audit.

Audit Committee

In accordance with the requirements of Section 167 of the Companies Act 2014, the Board confirms that it has decided not to establish an audit committee. Having considered the requirements of Section 167 the Board notes that (i) the terms of reference and the role and powers of the audit committee of the Board of the company's parent undertaking (the ESB Audit and Risk Committee) include within their scope the powers and responsibilities that would otherwise be required of an audit committee established for the company pursuant to Section 167 (including reporting arrangements with the company's statutory auditors), (ii) the composition and membership of the ESB Audit and Risk Committee satisfy the independence and skills-related requirements of Section 167 as it would otherwise apply to the company, and (iii) the ESB Audit and Risk Committee has exercised its role and its powers and has carried out those responsibilities in relation to the company. Therefore the Board has resolved that, in view of the foregoing, the establishment of an audit committee for the company would be superfluous and would unnecessarily duplicate the functions of the ESB Audit and Risk Committee in relation to the company. The Board has also considered the requirements of Section 1551 of the Companies Act and has resolved to avail of the exemption provided for in Section 1551(11)(a) thereof.

Compliance Statement

The directors acknowledge that they are responsible for securing the company's compliance with its relevant obligations, being the obligations defined in Section 225(1) of the Companies Act 2014 ("relevant obligations").

The directors confirm that:

- the company has drawn up a compliance policy statement setting out the policies with regard to such compliance that, in their opinion, are appropriate to the company;
- appropriate arrangements or structures have been put in place in the company that are, in their opinion, designed to secure material compliance with the company's relevant obligations; and
- a review has been carried out, during the financial year to which this statement relates, of the arrangements or structures referred to in point above.

ESB Finance Designated Activity Company

Directors' report *(continued)*

Auditors

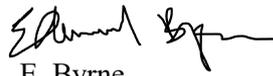

The auditors, PricewaterhouseCoopers have indicated their willingness to continue in office in accordance with section 383 (2) of the Companies Act 2014.

On behalf of the board

ESB Finance Designated Activity Company

Statement of directors' responsibilities For the Year Ended 31 December 2019

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with Irish Law.

Irish law requires the directors to prepare financial statements for each financial year giving a true and fair view of the company's assets, liabilities and financial position at the end of the financial year and the profit or loss of the company for the financial year. Under that law they have elected to prepare the financial statements in accordance with International Financial Reporting Standards (IFRS) as adopted by the EU and applicable law.

Under Irish law the directors shall not approve the financial statements unless they are satisfied that they give a true and fair view of the company's assets, liabilities and financial position as at the end of the financial year and the profit or loss of the company for the financial year.

In preparing the financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether the financial statements have been prepared in accordance with applicable accounting standards and identify the standards in question, subject to any material departures from those standards being disclosed and explained in notes to the financial statements; and
- prepare the financial statements on a going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to:

- correctly record and explain the transactions of the company;
- enable, at any time, the assets, liabilities, financial position and profit or loss of the company to be determined with reasonable accuracy; and
- enable the directors to ensure that the financial statements and Directors' Report comply with the Companies Act 2014 and enable those financial statements to be audited.

The directors are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors are responsible for the maintenance and integrity of the corporate and financial information included on the company's website. Legislation in Ireland governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

ESB Finance Designated Activity Company

Independent auditors' report to the members of ESB Finance Designated Activity Company

Report on the audit of the financial statements

Opinion

In our opinion, ESB Finance Designated Activity Company's financial statements:

- give a true and fair view of the company's assets, liabilities and financial position as at 31 December 2019 and of its profit and cash flows for the year then ended;
- have been properly prepared in accordance with International Financial Reporting Standards ("IFRSs") as adopted by the European Union; and
- have been properly prepared in accordance with the requirements of the Companies Act 2014.

We have audited the financial statements, included within the Annual report and financial statements, which comprise:

- the Statement of financial position as at 31 December 2019;
- the Statement of comprehensive income for the year then ended;
- the Statement of cash flows for the year then ended;
- the Statement of changes in shareholder's equity for the year then ended; and
- the notes to the financial statements, which include a description of the significant accounting policies.

Our opinion is consistent with our reporting to the Audit and Risk Committee.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (Ireland) ("ISAs (Ireland)") and applicable law.

Our responsibilities under ISAs (Ireland) are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We remained independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in Ireland, which includes IAASA's Ethical Standard as applicable to listed public interest entities, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

To the best of our knowledge and belief, we declare that non-audit services prohibited by IAASA's Ethical Standard were not provided to the company.

We have provided no non-audit services to the company in the period from 1 January 2019 to 31 December 2019.

ESB Finance Designated Activity Company

Our audit approach

Overview

Materiality

- Overall materiality: €33.6 million (2018: €29.6 million) based on 1% of total assets.
- Specific materiality: €0.9m (2018: €0.8 million) applied to interest income and interest expense based on 1% of interest expense.

Audit scope

- A full scope audit was performed over the statutory entity based on materiality levels.

Key audit matters

- Financial Assets.

The scope of our audit

As part of designing our audit, we determined materiality and assessed the risks of material misstatement in the financial statements. In particular, we looked at where the directors made subjective judgements, for example in respect of significant accounting estimates that involved making assumptions and considering future events that are inherently uncertain. As in all of our audits we also addressed the risk of management override of internal controls, including evaluating whether there was evidence of bias by the directors that represented a risk of material misstatement due to fraud.

Key audit matters

Key audit matters are those matters that, in the auditors' professional judgement, were of most significance in the audit of the financial statements of the current period and include the most significant assessed risks of material misstatement (whether or not due to fraud) identified by the auditors, including those which had the greatest effect on: the overall audit strategy; the allocation of resources in the audit; and directing the efforts of the engagement team. These matters, and any comments we make on the results of our procedures thereon, were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. This is not a complete list of all risks identified by our audit.

Key audit matter	How our audit addressed the key audit matter
<p>Financial Assets</p> <p>Refer to Note 1 (<i>Accounting Policies</i>), Note 2 (<i>Net Finance Income</i>), Note 7 (<i>Loans to related party undertakings</i>) and Note 10 (<i>Financial instruments and risk management</i>).</p> <p>The company is a financing company that issues Eurobonds. The proceeds from the Eurobonds were lent to the company's immediate parent, Electricity Supply Board (ESB), and a fellow group undertaking, ESBNI Limited, under intercompany loan agreements.</p>	<p>We confirmed the financial assets with the company's immediate parent and fellow group undertaking.</p> <p>We tested the valuation of the financial assets and considered whether there were any impairment indicators, including considering the ability of the company's immediate parent and fellow group undertaking to meet payments falling due to the company.</p> <p>We also met with management and discussed their approach to credit and liquidity risk management including their assessment of the immediate parent's and fellow group undertaking's debt servicing capacity as outlined in Note 10 to the financial statements.</p> <p>The results of our testing were satisfactory.</p>

How we tailored the audit scope

We tailored the scope of our audit to ensure that we performed enough work to be able to give an opinion on the financial statements as a whole, taking into account the structure of the company, the accounting processes and controls, and the industry in which it operates.

We performed a full scope audit of the company's financial statements, based on materiality levels.

ESB Finance Designated Activity Company

Materiality

The scope of our audit was influenced by our application of materiality. We set certain quantitative thresholds for materiality. These, together with qualitative considerations, helped us to determine the scope of our audit and the nature, timing and extent of our audit procedures on the individual financial statement line items and disclosures and in evaluating the effect of misstatements, both individually and in aggregate on the financial statements as a whole.

Based on our professional judgement, we determined materiality for the financial statements as a whole as follows:

Overall materiality	€33.6 million (2018: €29.6 million) Specific materiality: €0.9m (2018: €0.8 million) applied to interest income and interest expense based on 1% of interest expense.
How we determined it	1% of total assets
Rationale for benchmark applied	The company is a finance vehicle for ESB Group and issues Eurobonds, the proceeds of which are advanced to its immediate parent company and fellow group undertakings. Therefore, we consider that the main focus of the users of the financial statements to be the total assets of the company.

We agreed with the Audit Committee that we would report to them misstatements identified during our audit above €0.5 million (2018: €0.5 million) as well as misstatements below that amount that, in our view, warranted reporting for qualitative reasons.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which ISAs (Ireland) require us to report to you where:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

However, because not all future events or conditions can be predicted, this statement is not a guarantee as to the company's ability to continue as a going concern.

Reporting on other information

The other information comprises all of the information in the Annual report and financial statements other than the financial statements and our auditors' report thereon. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except to the extent otherwise explicitly stated in this report, any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If we identify an apparent material inconsistency or material misstatement, we are required to perform procedures to conclude whether there is a material misstatement of the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report based on these responsibilities.

With respect to the Directors' report, we also considered whether the disclosures required by the Companies Act 2014 have been included.

Based on the responsibilities described above and our work undertaken in the course of the audit, ISAs (Ireland) and the Companies Act 2014 require us to also report certain opinions and matters as described below.

ESB Finance Designated Activity Company

Directors' report

- In our opinion, based on the work undertaken in the course of the audit, the information given in the Directors' report for the year ended 31 December 2019 is consistent with the financial statements and has been prepared in accordance with applicable legal requirements.
- Based on our knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified any material misstatements in the Directors' report.

Corporate governance statement

- In our opinion, based on the work undertaken in the course of the audit of the financial statements, the description of the main features of the internal control and risk management systems in relation to the financial reporting process included in the Corporate Governance Statement, is consistent with the financial statements and have been prepared in accordance with section 1373(2)(c).
- Based on our knowledge and understanding of the company and its environment obtained in the course of the audit of the financial statements, we have not identified material misstatements in the description of the main features of the internal control and risk management systems in relation to the financial reporting process included in the Corporate Governance Statement.

Responsibilities for the financial statements and the audit

Responsibilities of the directors for the financial statements

As explained more fully in the Statement of directors' responsibilities set out on page 5, the directors are responsible for the preparation of the financial statements in accordance with the applicable framework and for being satisfied that they give a true and fair view.

The directors are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations or have no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (Ireland) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the IAASA website at:

https://www.iaasa.ie/getmedia/b2389013-1cf6-458b-9b8f-a98202dc9c3a/Description_of_auditors_responsibilities_for_audit.pdf

This description forms part of our auditors' report.

Use of this report

This report, including the opinions, has been prepared for and only for the company's members as a body in accordance with section 391 of the Companies Act 2014 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Other required reporting

Companies Act 2014 opinions on other matters

- We have obtained all the information and explanations which we consider necessary for the purposes of our audit.
- In our opinion the accounting records of the company were sufficient to permit the financial statements to be readily and properly audited.
- The financial statements are in agreement with the accounting records.

ESB Finance Designated Activity Company

Other exception reporting

Directors' remuneration and transactions

Under the Companies Act 2014 we are required to report to you if, in our opinion, the disclosures of directors' remuneration and transactions specified by sections 305 to 312 of that Act have not been made. We have no exceptions to report arising from this responsibility.

Appointment

We were appointed by the directors on 8 August 2017 to audit the financial statements for the year ended 31 December 2017 and subsequent financial periods. The period of total uninterrupted engagement is 3 years, covering the years ended 31 December 2017 to 31 December 2019.

ESB Finance Designated Activity Company

Notes to the financial statements

1 Accounting policies

ESB Finance Designated Activity Company (“ESB Finance DAC” or “the company”) is a limited company incorporated in Ireland, under the registered number 480184. The company is a wholly owned subsidiary of the Electricity Supply Board (“ESB” or “parent entity”). The principal activity of the company is the issue of loan notes and the provision of funding to undertakings in the ESB group. The address of its registered office is Two Gateway, East Wall Road, Dublin 3.

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company’s financial statements.

1.1 Basis of preparation of financial statements

The financial statements have been prepared in accordance with International Financial Reporting Standards (IFRSs), as adopted by the EU (EU IFRSs). The financial statements have been prepared in accordance with the EU IFRS standards and interpretations issued and effective for accounting periods ending on or before 31 December 2019.

The financial statements are presented in euro, rounded to the nearest thousand, which is the company's functional currency, and are prepared on an historical cost basis, except for derivative financial instruments, which are measured at fair value.

The preparation of the financial statements in conformity with EU IFRS, requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. These estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. There have been no judgements made by management in the application of EU IFRS that are expected to have a significant effect on the financial statements or estimates with a significant risk of material misstatement in the next year.

1.2 Going concern

The financial statements have been prepared on a going concern basis, which assumes that the company has adequate financial resources to continue in operational existence for at least 12 months from the date of approval of these financial statements.

At 31 December 2019, the company had a shareholder’s deficit of €5.6 million (2018: €6.1 million).

The directors, having regard to the continued support of the company’s parent undertaking, ESB, have a reasonable expectation that the company will have adequate financial resources to continue in operational existence for at least 12 months from the date of approval of these financial statements and consider that it is appropriate to adopt the going concern basis in preparing the financial statements.

ESB Finance Designated Activity Company

Notes to the financial statements (*continued*)

1 Accounting policies (*continued*)

1.3 New Standards and Interpretations

IFRS 16: Leases

IFRS 16 is a new accounting standard that is effective from 1 January 2019 and has had no impact on the company's financial statements of year end 31 December 2019.

1.4 Amounts due from related party undertakings

Amounts due from related party undertakings include loans and interest on these loans. Under IFRS 9, impairment is assessed using the expected credit loss model. In determining the impairment loss, amounts due from related party undertakings are classified as amounts repayable on demand, low credit risk receivables and amounts for which there has been a substantial increase in credit risk since initial recognition. In determining an expected credit loss, regard is given to historic performance of the relevant loan as well as forward looking information for the relevant related party undertakings including detailed discounted cash flow forecasts, where appropriate.

1.5 Loans and balances with related party undertakings

Loans and balances with related party undertakings are non-derivative financial assets or liabilities which are not quoted in an active market. They are included in current assets or current liabilities on the balance sheet, except for those with maturities greater than twelve months after the balance sheet date, which are included in non-current assets or non-current liabilities. Loans and balances are initially recorded at fair value and thereafter at amortised cost. If a financial asset measured at amortised cost is modified without this resulting in derecognition, a gain or loss is recognised in profit or loss. The gain or loss is calculated as the difference between the original contractual cash flows and the modified cash flows discounted at the original effective interest rate.

1.6 Impairment

The company assesses on a forward looking basis the expected credit losses associated with its debt instruments carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For loans and balances with related parties, the company applies the general approach permitted by IFRS 9, which requires 12 month expected credit losses to be recognised on initial recognition of these receivables. If a significant increase in credit risk occurs, this requires expected lifetime credit loss to be recognised on these receivables.

1.7 Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits repayable on demand and other short-term highly liquid investments with original maturities of three months or less. Bank overdrafts are shown within borrowings in current liabilities in the statement of financial position.

ESB Finance Designated Activity Company

Notes to the financial statements (*continued*)

1 Accounting policies (*continued*)

1.8 Derivative financial instruments

An interest rate swap is used by the company to hedge the variable interest rate on its borrowings. All such derivatives are recognised at fair value and are re-measured to fair value at the Balance Sheet date. Gains and losses on its subsequent re-measurement are recognised directly in the Profit and Loss Account.

1.9 Trade and other payables

Trade and other payables are initially recorded at fair value, which is usually the original invoiced amount, and subsequently carried at amortised cost using the effective interest rate method.

1.10 Interest bearing borrowings

Interest bearing borrowings are recognised initially at fair value less attributable transaction costs. Subsequent to initial recognition these borrowings are stated at amortised cost using the effective interest rate method. If a financial liability measured at amortised cost is modified without this resulting in derecognition, a gain or loss is recognised in profit or loss. The gain or loss is calculated as the difference between the original contractual cash flows and the modified cash flows discounted at the original effective interest rate.

1.11 Loans and other receivables from group companies and loans from group companies

Loans to and receivables from group companies and loans from group companies are non-derivative financial assets or liabilities with fixed or determined payments that are not quoted in an active market. They are included in current assets or liabilities in the statement of financial position, except for those with maturities greater than twelve months after the reporting date, which are included in non-current assets or liabilities. At initial recognition, they are measured at fair value and thereafter at amortised cost using the effective interest method, less (in the case of assets) any impairment losses. Interest calculated using the effective interest method is recognised in profit or loss.

The effective interest method is a method of calculating the amortised cost of a financial asset or liability and of allocating the interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument or, where appropriate, a shorter period to the net carrying amount of the financial asset or liability. Loans and receivables are assessed at each reporting date to determine whether there is objective evidence that they are impaired.

1.12 Loans and borrowings

Interest bearing loans and borrowings are recognised initially at fair value less attributable transaction costs. Subsequent to initial recognition these borrowings are measured at amortised cost using the effective interest rate method.

1.13 Finance income and expense

Finance income represents the return receivable by the company on loans to and receivables from group undertakings and is recognised in profit or loss as it accrues using the effective interest rate method.

Interest expense on loans and borrowings is recognised in profit or loss as it accrues using the effective interest rate method.

ESB Finance Designated Activity Company

Notes to the financial statements (*continued*)

1 Accounting policies (*continued*)

1.14 Current and deferred taxation

Income tax on the profit or loss for the year comprises current and deferred tax. Income tax is recognised in the Income Statement, except to the extent that it relates to items recognised directly in other comprehensive income or equity.

Current tax

Current tax is provided at current rates and is calculated on the basis of results for the year.

Deferred tax

Deferred tax is provided using the Balance Sheet liability method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax assets are recognised only to the extent that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying temporary differences can be deducted.

Deferred tax is measured at the tax rates that are expected to apply in the periods in which temporary differences reverse, based on tax rates and laws enacted or substantively enacted at the Balance Sheet date.

1.15 Foreign currency transactions

Transactions in foreign currencies are recorded at the rate ruling at the date of the transactions. The resulting monetary assets and liabilities are translated at the rate ruling at the reporting date and the exchange differences are dealt with through profit or loss in the statement of comprehensive income. Non-monetary assets and liabilities are carried at historical cost and not subsequently retranslated.

ESB Finance Designated Activity Company

Notes to the financial statements *(continued)*

2 Net finance income

	2019 €'000	2018 €'000
Finance income		
Interest on loans to parent undertaking	66,952	54,335
Interest on loans to group undertaking	22,701	21,228
Net Mark to market on interest rate swap	198	-
	<hr/>	<hr/>
	89,851	75,563
Finance expense		
Interest on amounts owed to parent undertaking	(140)	(139)
Interest payable on Eurobond	(88,507)	(74,565)
Net Mark to market on interest rate swap	-	(78)
	<hr/>	<hr/>
	(88,647)	(74,782)
	<hr/>	<hr/>
Net finance income	1,204	781

The interest rate swaps do not qualify for hedge accounting under IFRS 9 and accordingly fair value movements are recognised in the statement of comprehensive income.

3 Other expenses

	2019 €'000	2018 €'000
Foreign currency losses	624	83
	<hr/>	<hr/>
Other expenses	624	83

4 Statutory and other information

Profit before taxation is stated after charging:

	2019 €'000	2018 €'000
Auditor's remuneration, including expenses	9	9

The audit fee is paid by a fellow group company.

The company had no directly hired employees during the year and hence incurred no direct labour costs (2018: €nil). The directors received no remuneration for their services to the company.

ESB Finance Designated Activity Company

Notes to the financial statements *(continued)*

5 Taxation on profit on ordinary activities

	2019 €'000	2018 €'000
Current tax expense	-	-
Deferred tax charge – current year	(145)	(175)
Total income tax charge	(145)	(175)

Reconciliation of effective tax rate:

Profit before taxation	580	698
Tax charge at 25%	(145)	(175)
Total tax charge	(145)	(175)

ESB Finance DAC has established itself for tax purposes under Section 110 Taxes Consolidation Act 2007. The applicable tax rate for companies taxed under Section 110 is 25%.

6 Deferred tax assets

	2019 €'000	2018 €'000
Deferred tax	1,870	2,015
	1,870	2,015

The movements in temporary differences for the company were as follows:

	Balance at 31 December 2018 €'000	Tax charge on profit in the year €'000	Balance at 31 December 2019 €'000
Tax losses carried forward	2,015	(145)	1,870
Total deferred tax assets	2,015	(145)	1,870

The deferred tax asset of €1.87 million at 31 December 2019 relates to losses forward of €7.48 million available for offset against taxable profits in the future. The tax losses do not expire under current tax legislation. The directors believe that it is probable that these losses forward will be utilised in the future by way of offset against future taxable profits of the company.

ESB Finance Designated Activity Company

Notes to the financial statements *(continued)*

7 Loans to related party undertakings

	2019	2018
	€'000	€'000
Amounts owed from parent undertaking	33,768	247,213
Amounts owed from fellow group undertaking	344,732	17,390
Total current amounts receivable	378,500	264,603
Amounts owed from parent undertaking	2,974,733	2,378,095
Amounts owed from fellow group undertaking	-	307,648
Total non-current amounts receivable	2,974,733	2,685,743
Total loans to related party undertakings	3,353,233	2,950,346

At 31 December 2019, the company had balances (including interest accrued) receivable of €3,353.2 million (2018: €2,950.3 million) from related party undertakings. These receivables relate to loans to related parties.

At 31 December 2019, there was €36.5 million (2018: €33.0 million) interest accrued on amounts owed from parent undertaking and €21.3 million (2018: €17.4 million) interest accrued on amounts owed from the fellow group undertaking.

All of the loans are performing in accordance with their terms and conditions and are expected to be recovered. None of the loans were impaired at 31 December 2019.

8 Trade and other payables

	2019	2018
	€'000	€'000
Accrued interest	53,516	49,249
Amounts owed to parent undertaking	16,047	15,310
	69,563	64,559

All trade and other payables fall due within one year; their carrying value equates to fair value due to short term nature.

ESB Finance Designated Activity Company

Notes to the financial statements *(continued)*

9 Loans and borrowings

	2019	2018
	€'000	€'000
Current borrowings repayable within 1 year	320,413	214,210
Non-current borrowings repayable between one and five years (Eurobond)	289,190	306,905
Non-current borrowings repayable after five years (Eurobond)	2,685,571	2,378,236
Total Non-current borrowings	2,974,761	2,685,141
Total Loans and borrowings	3,295,174	2,899,351

The total outstanding principal of borrowings was €3,323.2 million at 31 December 2019 (2018: €2,922.7 million) and has been recorded net of unamortised financing costs of €28.1 million (2018: €23.3 million).

For information and disclosure on the company's exposure to interest rate and liquidity risks see note 10. The following table summarises the terms of the outstanding borrowings as at 31 December:

Facility	Repayable	Interest	2019	2018
			€'000	€'000
Stg£275 million 10 year Eurobond	Mar 2020	6.500%	323,225	307,434
€215.2 million 7 year Eurobond	Nov 2019	4.375%	-	215,217
€300 million 10 year Eurobond	Jan 2024	3.494%	300,000	300,000
€500 million 12 year Eurobond	Jun 2027	2.125%	500,000	500,000
€600 million 15 year Eurobond	Jun 2031	1.875%	600,000	600,000
€500 million 12 year Eurobond	Feb 2029	1.750%	500,000	500,000
€500 million 15 year Eurobond	Nov 2033	2.125%	500,000	500,000
€500 million 11 year Green Bond	Jun 2030	1.125%	500,000	-
€100 million 25 year Eurobond	Apr 2044	2.000%	100,000	-
			3,323,225	2,922,651
Deferred financing costs and unamortised debt issuance discount			(28,051)	(23,300)
			3,295,174	2,899,351

The company issued a €100 million 25 year Eurobond with a fixed coupon of 2.000% on 17 April 2019, and a €500 million 11 year Green Bond with a fixed coupon of 1.125% on 11 June 2019. Both bonds are under the ESB and the ESB Finance DAC €5bn EMTN Programme, which is fully, irrevocably and unconditionally guaranteed by ESB.

The company repaid a €215.2 million 7 year Eurobond in November 2019.

ESB was rated A- by Standard & Poor's and A3 (equivalent to A-) by Moody's in November 2019. The outlook on both of the agencies at year end was 'stable'.

Total	2,334,200	500,000	(2,529)	67,680	2,899,351

10 Financial instruments and risk management

(a) Interest rate risk

In March 2010, the company issued a Stg£275 million 10 year Eurobond, with a fixed coupon of 6.5%, under the ESB and ESB Finance DAC €5bn Euro Medium Term Note (EMTN) Programme, which is fully, irrevocably and unconditionally guaranteed by ESB. The company has lent the proceeds from the issuance of the Eurobond to ESBNI Limited (a fellow group subsidiary) at a margin of 0.35%, which the directors believe to be a market rate of return. This loan to ESBNI Limited was fully repaid on 5 March 2020, with matching terms to that of the external Eurobond loan note.

In November 2012, ESB Finance DAC issued a €500 million 7 year Eurobond with a fixed coupon of 4.375%, €284.8 million of which was successfully bought back in June 2016. The remaining €215.2 million was fully repaid in November 2019.

In November 2013, ESB Finance DAC issued a €300 million 10 year Eurobond with a fixed coupon of 3.494%.

In June 2015, ESB Finance DAC issued a €500 million 12 year Eurobond with a fixed coupon of 2.125%.

In June 2016, ESB Finance DAC issued a €600 million 15 year Eurobond with a fixed coupon of 1.875%.

In February 2017, ESB Finance DAC issued a €500 million 12 year Eurobond with a fixed coupon of 1.75%.

In November 2018, ESB Finance DAC issued a €500 million 15 year Eurobond with a fixed coupon of 2.125%.

In April 2019, ESB Finance DAC issued a €100 million 25 year Eurobond with a fixed coupon of 2%.

In June 2019, ESB Finance DAC issued a €500 million 11 year Green bond with a fixed coupon of 1.125%.

ESB Finance Designated Activity Company

Notes to the financial statements *(continued)*

10 Financial instruments and risk management *(continued)*

(a) Interest rate risk *(continued)*

In managing interest rate risk, ESB Finance DAC aims to reduce the impact of short term fluctuations on the company's earnings. In December 2012, ESB Finance DAC entered into fixed to floating interest rate swaps with a notional amount of Stg£275 million and a settlement date of March 2020 as part of the wider ESB Group hedging position. ESB Finance DAC also immediately entered back to back interest rate swaps with ESBNI Limited to effectively eliminate the company's interest rate exposure on these derivatives. There is a minimal impact on profits due to the interest rate swaps in place (see note 2).

(b) Foreign currency risk

Foreign currency exposures arise mainly on the translation of foreign currency denominated liabilities and receivable balances into euro, which is the company's functional currency. As the principal activity of the company is the provision of funding to entities in the ESB Group, such exposures are principally managed by matching the currency of borrowings, secured externally, with the currency of amounts advanced to such undertakings.

At 31 December 2019, ESB Finance DAC's debt portfolio (including accrued interest) amounted to €3.3bn. The net currency exposure at 31 December was as follows:

	Denominated in Euro 2019 €'000	Denominated in Sterling 2019 €'000	Total 2019 €'000
Included in accrued interest and other payables	36,318	17,198	53,516
Included in amounts owed to parent undertaking	927	15,120	16,047
Included in borrowings	2,972,034	323,140	3,295,174
Total liabilities	3,009,279	355,458	3,364,737
Amounts included in current and non-current assets	(3,009,864)	(347,380)	(3,357,244)
Net liability exposure	(585)	8,078	7,493

	Denominated in Euro 2018 €'000	Denominated in Sterling 2018 €'000	Total 2018 €'000
Included in accrued interest and other payables	32,857	16,392	49,249
Included in amounts owed to parent undertaking	927	14,383	15,310
Included in borrowings	2,592,446	306,905	2,899,351
Total liabilities	2,626,230	337,680	2,963,910
Amounts included in current and non-current assets	(2,626,411)	(329,426)	(2,955,837)
Net (asset)/liability exposure	(181)	8,254	8,073

ESB Finance Designated Activity Company

Notes to the financial statements *(continued)*

10 Financial instruments and risk management *(continued)*

(b) Foreign currency risk *(continued)*

A 10% strengthening of the euro against sterling would have increased profit before taxation as outlined below. A 10% weakening of the euro would have decreased profit before taxation in the opposite manner as outlined below.

	Equity /Profit before taxation	Equity/Profit before taxation
	Gain / (loss)	Gain / (loss)
	2019	2018
	€'000	€'000
10% strengthening	735	750
10% weakening	(898)	(917)

(c) Credit risk

The carrying amount of financial assets represents the maximum credit risk exposure. At year end, the carrying amount of financial assets is as follows:

	2019	2018
	€'000	€'000
Loans to parent undertaking	3,008,501	2,625,308
Loans to fellow group undertaking	344,732	325,038
Derivative financial instruments	4,650	4,185
Cash and cash equivalents	4,011	5,491
	3,361,894	2,960,022

Credit risk arises from cash and cash equivalents, derivative financial instruments and loans to parent and fellow group undertakings. Other than derivative financial instruments and cash and cash equivalents, all of the exposures are to related entities.

As at 31 December 2019 and 2018, no amounts were overdue or impaired.

(d) Liquidity risk

The principal liquidity risks faced by the company relate to (i) the inability of ESB Group companies to repay loans and borrowings to ESB Finance DAC when the matching external borrowings fall due, and (ii) the inability to refinance external borrowing facilities to meet the cash flow requirements of the parent and fellow group undertakings which ESB Finance DAC has been established to finance. In order to manage this risk, the company monitors financial markets in order to identify the optimum time to pre-fund any requirements arising from maturing debt and capital expenditure of these ESB Group companies.

ESB Finance Designated Activity Company

Notes to the financial statements (continued)

10 Financial instruments and risk management (continued)

(d) Liquidity risk (continued)

The following table sets out the contractual maturities of financial liabilities of a similar nature, including the interest payments associated with borrowings.

	Carrying Amount €'000	Contractual cash outflows €'000	Within 1 year €'000	1 – 2 years €'000	2 – 5 years €'000	After 5 years €'000
31 December 2019						
Borrowings	3,311,221	3,980,817	419,639	59,357	478,071	3,023,750
Interest payable	53,516	53,516	53,516	-	-	-
Interest rate swaps	4,650	4,844	4,844	-	-	-
	Carrying Amount €'000	Contractual cash outflows €'000	Within 1 year €'000	1 – 2 years €'000	2 – 5 years €'000	After 5 years €'000
31 December 2018						
Borrowings	2,914,661	3,547,736	311,658	379,150	155,196	2,701,732
Interest payable	49,249	49,249	49,249	-	-	-
Interest rate swaps	4,185	7,864	2,794	5,070	-	-

(e) Fair values

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair values of financial assets and liabilities carried at amortised cost, together with their carrying amounts shown in the statement of financial position are set out in the table below. The fair value of loans and borrowings (receivable and payable) has been calculated by reference to publicly available market values for ESB's debt.

	2019		2018	
	Carrying value € '000	Fair value € '000	Carrying value € '000	Fair value € '000
Short term borrowings	320,413	326,125	214,210	224,432
Long term borrowings	2,974,761	3,346,284	2,685,141	2,814,576
Amounts owed to parent undertaking	16,047	16,047	15,310	15,310
Trade and other payables	53,516	53,516	49,249	49,249
Loans to related party undertakings				
- current	(378,500)	(384,129)	(264,603)	(274,826)
- non current	(2,974,733)	(3,346,284)	(2,685,743)	(2,814,804)

ESB Finance DAC Eurobonds (Long term debt) are regarded Level 1 fair values. The fair value of Eurobonds is derived from observation of the most recent traded values for these bonds in liquid markets at the statement of financial position date.

ESB Finance Designated Activity Company

Notes to the financial statements (continued)

10 Financial instruments and risk management (continued)

(e) Fair values (continued)

Discount rate – bond

The interest rates used to discount future estimated cash flows, where applicable, are based on the EURIBOR yield curve at the reporting date plus an appropriate constant credit spread, and were as follows:

	2019	2018
	%	%
ESB Eurobonds	0.73 - 1.23	1.58 – 1.69

Discount rate – derivatives

Derivative financial instruments are carried at fair value. The fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The method used to calculate the fair value of the company's financial instruments is discounted cash flow analysis, using applicable yield curve for the duration of the instruments. This method enables the company to discount the cash flows at a rate equal to the prevailing market rate of interest taking into account maturity and credit margin.

Interest rate swaps

The company has executed interest rate swaps of Stg€275 million (2018: Stg€275 million) in connection with a certain portion of its borrowings.

For interest rate swaps, the fair value takes into account the fixed, floating and market rates prevailing at the balance sheet date. As interest rate swaps are marked to market at 31 December 2019, their carrying value is equal to their fair value.

As the interest rate swaps are back to back with ESBNI Limited, an increase of €0.5 million (2018: decrease of €4.5 million) in both the derivative asset and the derivative liability were recognised. This had no net impact on gains & losses or reserves.

Fair value hierarchy

The table below analyses derivative financial instruments carried at fair value, by valuation method. The level relevant to derivative financial instruments held by the company have been defined as follows:

- Level 2: inputs, other than unadjusted quoted prices in active markets for identical assets and liabilities, that are observable for the asset or liability, either directly (i.e. prices) or indirectly (i.e. derived from prices);

	2019		2018	
	Level 2	Total	Level 2	Total
	€ '000	€ '000	€ '000	€ '000
Assets				
Interest rate swaps	4,650	4,650	4,185	4,185
Liabilities				
Interest rate swaps	4,650	4,650	4,185	4,185
Net asset	-	-	-	-

Level 2 – The fair value of interest rate swaps is determined using the present value of expected cashflows using constructed zero coupon discount curve. The zero-coupon curve is constructed using the interest yield curve of the relevant currency.

ESB Finance Designated Activity Company

Notes to the financial statements (continued)

11 Capital and reserves

During 2010, the company issued one ordinary share for consideration of €1. This share was allotted to ESB.

The company considers its capital to comprise issued share capital and retained earnings. Movements in share capital and retained earnings during the year are disclosed in the statement of changes in shareholder's equity in these financial statements. The company relies on the support of its parent entity to continue as a going concern as noted in the statement of accounting policies.

12 Guarantees, commitments and contingencies

ESB Finance DAC has provided guarantees in respect of debt issued by ESB Group:

- a) Private placement senior unsecured notes issued in December 2003 in US dollars and sterling. At 31 December 2019 outstanding amounts comprise US\$273.5 million, maturing on 15 December 2023, and Stg£10 million, maturing on 15 December 2023.
- b) Private placement senior unsecured notes issued in June 2009 in US dollars, sterling and euro. At 31 December 2019 outstanding amounts are Stg£50 million maturing on 15 June 2021.

At 31 December 2019 a €1.44 billion revolving credit facility with a syndicate of 14 banks to draw down bank finance as required up to February 2022 was available to the ESB Group. ESB Finance DAC was a co-guarantor under this facility. €1.37 billion of this facility was undrawn at 31 December 2019. Since the year end this facility was replaced by a new revolving credit facility (see note 15).

13 Related parties

ESB Finance DAC is a wholly owned subsidiary of ESB, a statutory corporation established under the Electricity (Supply) Act 1927 and domiciled in Ireland.
